

HILL TO SPEAK.

He Will Give His Views on the
Tariff.

To the Senate on Monday of
Next Week.

MR. GEORGE'S BIG JOKE

Resolution Reducing All Official
Salaries 20 Per Cent.

WASHINGTON, April 6.—In the senate Mr. Hill of New York gave notice that at 2 o'clock next Monday he would submit a few remarks on the pending tariff bill. Some amusement was created by the introduction of the following resolution by Mr. George of Mississippi:

Resolved, That in view of the present depressed financial condition of the people, the low price of agricultural and other products, the indebtedness of the people and the increased value of money, the committee on the judiciary be directed to prepare a bill to reduce by 20 per cent all official salaries not protected by the statutes of the United States.

The resolution was referred, in accordance with its terms, while some of the senators indulged in good-natured banter at the expense of Mr. George. Senator Gray remarking sotto voce that it was worse than an income tax.

At the request of Senator Hansbrough of North Dakota the senate took up the bill appropriating \$1,000,000 for the destruction of the Russian thistle.

At 2 o'clock the tariff bill was laid before the senate as unfinished business, and the thistle bill went over without action. Mr. Peffer was recognized, but Mr. Call asked the senator to yield for a motion to go into executive session, which Mr. Peffer agreed to do on condition that it would not last too long and that he should be entitled to the floor when the senate resumed its open session.

Mr. Harris, however, who asked Mr. Peffer not to yield, as he did not wish the tariff bill postponed, was objected to the motion of Mr. Call and demanded the yeas and nays. The roll was called and the motion prevailed—yeas 19—and the senate went into executive session, which lasted until 9 p. m., when the senate promptly adjourned.

Appropriation Bills in the House.

WASHINGTON, April 6.—The house spent the day in committee of the whole. After some good natured banter by Mr. Reed on the subject of the "billion-dollar congress," the urgency deficiency bill was taken up. The bill, which carries something over \$1,000,000, was passed with one important amendment providing for the continuation of the census bureau until March 4, 1895, and providing for the publication of a condensed volume of 20 pages of an abstract of all the data procured by the census.

After the deficiency bill was disposed of, the consideration of the postoffice appropriation bill was resumed. Only one amendment was adopted—setting aside \$30,000 for the establishment of star routes to new postoffices.

NATIONAL BANK FINANCES.

Summary of Their Condition Under the Recent Call of the Comptroller.

WASHINGTON, April 6.—Reports from all of the 3,777 national banks in the country, under the recent call, have been received by the comptroller of the currency. A summary of these reports show, the lawful money reserve on February 23, 1894, to have been \$433,980,261, made up of the following items:

Gold coin, \$124,904,826; gold treasury certificates, \$95,456,110; gold clearing house certificates, \$7,835,000; silver dollars, \$7,741,205; silver treasury certificates, \$48,181,195; silver fractional coin, \$6,083,378. Total specie, \$236,166,585; legal tender notes, \$142,768,676; United States certificates for deposit for legal tender notes, \$33,045,000. The aggregate reserve on December 19, 1893, the date of the last call, was \$414,135,407.

Against the Sweating System.

WASHINGTON, April 6.—Senator Kyle has introduced a bill to prevent the manufacture of clothing in unhealthy places. It is directed against the sweating system.

The new concentrating plant and hoisting works of the Horn silver mine at Frisco, Utah, have been totally destroyed by fire. The mill made its first run April 1, but was not in operation when the fire broke out. The fire is supposed to have been of incendiary origin. Loss, \$100,000.

There will be a song and gospel service at the First Presbyterian church this evening.

THOUGHT HE WAS DEAD.

Edwin Waldo of Hull House, Chicago, in a Fainting Fit for Weeks.

JACKSONVILLE, Fla., April 6.—Edwin H. Waldo of Boston, but for the last six months engaged in charitable work in Chicago, fell in a faint at Church and Main streets. He was picked up in an unconscious condition and carried to St. Luke's hospital, where he is rapidly improving.

Waldo has been missing from Chicago since Tuesday, March 27, his disappearance having caused a profound sensation in that city. He was to have been sandwiched and robbed and killed. Young Waldo said: "My name is Edwin A. Waldo and I am from the Hull house, Chicago."

"My father is S. S. Waldo, a wholesale merchant at Danielsonville, Conn. I have no recollection whatever of anything since Easter Sunday, when I attended St. James church in Chicago. I remember of seeing the flowers in the church, and that is all."

"Do you recollect when you arrived in Jacksonville?"

"Not a thing at all."

When Mr. Waldo was picked up on the street he had only \$1.20 in his pockets, and did not have a watch or other jewelry upon him.

Dr. Stollenwerk says that Waldo's case is one that is likely to excite a great deal of attention in the medical world.

MISSOURI CROP PROSPECTS.

Fruit is Generally Killed, Wheat and Oats Very Much Damaged.

COLUMBIA, Mo., April 6.—Secretary J. R. Rippey, of the Missouri state board of agriculture, says in his report to the board:

"Crop reports received at this office April 1 were prepared just prior to and during the severe and almost unprecedented freeze of the latter part of March. To that date most satisfactory conditions existed."

"Wheat was estimated at 95 per cent of a crop and only 1 per cent would probably be plowed up. Later reports say that wheat was injured by freezing to the extent of 25 per cent. None or very little was killed, but the young vigorous growth was frozen to the ground and the plant is thought to be materially injured. As to the oats, the condition of the ground for seeding was excellent and the average compared with 1893 had increased 4 per cent."

"Prior to the freeze it was estimated that 77 per cent of the apple buds were alive, 21 per cent of the peach buds, 81 per cent of the strawberry buds and 78 per cent of small fruit, all of which is now changed. Small fruit, strawberries, peaches and early apples have been ruined and the late apples were barely saved."

TAYLOR WAS OBJECTED TO.

Senator Martin Acknowledges That the Bolivian Government Protested.

WASHINGTON, April 6.—Senator Martin has come out very strongly in support of the confirmation of C. H. J. Taylor, appointed to be recorder of deeds in this district. The indications still are that Taylor will not be confirmed and Martin is receiving the unmerciful abuse of Washingtonians. He incidentally reveals as a secret of the senate that the Bolivian government did protest against receiving Taylor as minister.

NEWS NOTES.

The Ohio state convention of mine workers has decided in favor of a general strike May 1 unless the operators restore the old scale.

Two children of Mr. and Mrs. Clark, who reside near Glade Springs, Va., were burned to death during the absence of their parents.

The "unknown" commander of the Coxy forces is said to be Major William Packer Clarke of the Second battalion, Colorado National guard.

R. M. Page, president of the Merchant's National bank in Fort Worth, Texas, who killed A. B. Smith, the cashier, March 13, has been released on \$12,000 bail.

The marriage of Lorian A. Thurston, Hawaiian minister, to Bessie H. Potter, daughter of Mr. and Mrs. F. A. Potter of St. Joseph, Mich., took place at the bride's home.

Mr. Bonner's resolution calling upon the attorney general for a statement of what the government is doing for the protection of its interests in the Union Pacific railway has been adopted by the house.

The navy department has settled with the Boston Tow company for the fruitless effort to save the Kearsarge, paying \$8,500 in reimbursement of the expense of sending the Orion to Ronador Reef.

The famous old Landmark mills in Frankfort, Pa., which have stood idle for fourteen years, will resume operations about May 1. James Baird's Sons are the owners, and they will conduct the business of manufacturing ribbed underwear for women. One hundred hands will be employed.

By the saving in one of the shafts of the Koschelen mine near Breslau, eleven men were killed and a number injured.

Nearly all the painters in Chicago are idle. The association of employers decided to take aggressive measures against the pending strike, and agreed to a general lockout, by which 3,000 men are thrown out of employment. Seventy-seven firms signed an agreement to suspend operations for the present.

Representative Bland expects to call a meeting of the coinage committee very soon to consider the free coinage bills pending before it.

Mr. Henry Chambers, of Louisville, is dead, aged 64. He comes of one of the most prominent families of the state. His father, John Chambers, was a well known lawyer and statesman, having been twice a member of congress from Kentucky and serving two terms as the governor of Iowa.

Hereafter the students having the highest grade in the graduating classes of the colleges in the Missouri College union will be admitted free of tuition to the department of law and medicine at the State university.

The Kansas Medical College Building association, capital stock \$10,000, filed its charter this afternoon.

TILLMAN IS VICTOR.

Like a Proud Conqueror He
Triumphantly Declares

That the Insurrection in Flor-
ence is Over

AND PEACE REIGNS.

A Series of Court-Martials Likely
to Follow.

COLUMBIA, S. C., April 6.—Darlington and Florence are no longer in insurrection, and to-day the state troops will evacuate these now famous localities and proceed to this city to receive the "well done" of Governor Tillman, together with their \$1.50 per day. The governor has issued a proclamation, stating that "whereas, the commanding general has informed him that the insurgents have dispersed, and that peace and order are restored, and that the civil authorities are now able to uphold and enforce the law," he accordingly declares that in the counties of Darlington and Florence there is no longer insurrection, and the civil status is hereby restored.

Governor Tillman is already beginning to reorganize the state militia. Only eighteen companies responded to his call to go to Darlington, and he intimates that there will be a series of court-martials.

A K. P. SENSATION.

The Ritual of a St. Joseph Lodge Stolen and Recovered.

St. JOSEPH, Mo., April 6.—The Knights of Pythias of this city are much worked up over the theft of one of their rituals from the lodge room of St. Joseph lodge No. 22, and its subsequent recovery, it being found in the trunk of Dr. J. T. Randall, a dentist, who came here a little over a year ago and who has cut quite a swath in lodge circles. When confronted by the facts, Randall protested, and a lodge trial was to have taken place last night, but before the time arrived Randall fled the city. The lodge has suspended him for ninety-nine years and notified the grand chancellor of the Knights of Pythias of the world. The affair has created a sensation here.

THE BLUE AND THE GRAY.

Grand Reunion of Old Soldiers of the North and South at Shiloh.

LOUISVILLE, Ky., April 6.—A special from Jacksonville, Tenn., says: The large excursion on the way to the Shiloh battlefield reunion arrived here yesterday and were greeted by the entire population of the city. A grand union campfire was held at Old Fort McHenry. Patriotic addresses were made by Major A. P. Connelly of Illinois, Colonel I. R. C. Meacham of Alabama, General Lew Wallace of Indiana, Colonel F. R. Kusey and Colonel Henry W. Dudley of Chicago, and others. To-day the first grand reunion of the old soldiers, North and South, will take place on the Shiloh battlefield. This reunion includes the armies of Grant, Buell, Johnson and Beauregard.

COKE STRIKE BROKEN.

The Bold Stand of the Authorities Demoralizes the Strikers.

UNIONTOWN, April 6.—Unless there is a radical change in the situation in the Pennsylvania coke regions the strike of the miners and cokers is about broken. The authorities have taken a stand and are determined to put down the rioters at any cost. This policy has thrown the lawbreakers into a state of demoralization. After the sheriff's posse concluded the engagement with the mob which murdered Chief Engineer Paddock and landed the leaders and over 100 strikers in the county jail everything quieted down immediately, and the reports from every point in the region show that lawless hordes have generally been subjugated.

WOMEN CAN VOTE.

Iowa Legislature Confers Upon Them the Right of Suffrage in Some Cases.

DES MOINES, Iowa, April 6.—Action of great import to the women of Iowa was taken in the legislature yesterday.

The senate passed the house bill conferring on women the right to vote for town, city and school officers and on all questions of issuing bonds. This is the first time women have been given this right in Iowa. The vote was 27 to 20, with three absentees.

No Russian Thistle Appropriation.

WASHINGTON, April 5.—Adverse action was taken by the house committee on agriculture yesterday on all pending bills appropriating money to exterminate the Russian thistle, and Representative Baker was authorized to report them to the house. Adverse action was taken by the committee on Representative Cogswell's bill appropriating \$100,000 to exterminate the Gypsy moth.

Kansas School Teachers.

LAWRENCE, Kan., April 6.—The first meeting of the joint session of the Northeast and Southeast Kansas Teachers' Associations was held last evening in University hall. The attendance is already very large, and the highest anticipations in the number of those who will be present are likely to be realized.

Walter Wellman in Rotterdam.

ROTTERDAM, April 6.—Walter Wellman, the American, who is to lead an Arctic exploring expedition, will sail hence for Bergen, Norway, to-day. He will take with him from Rotterdam sixty trained draught dogs. Mr. Winship, an English engineer, has joined the party here.

SCHOOL FOR DIPLOMATS.

Senator Morgan's Bill to Take Foreign Service Out of Politics.

WASHINGTON, April 6.—Senator Morgan's bill for the reorganization of the state department has created considerable comment. The purpose of the bill is to take the foreign service and the department work out of politics to provide an educational qualification for appointment to make the service continuous and to provide for promotions.

Admission to this service is only to be obtained through an examination by a board to be appointed for that purpose, to consist of the commissioner of education, two professors of public law from leading universities, and two officers of the department, which examination is to cover general history, history of the United States, constitutional and international law, political economy, geography, arithmetic, English language and either German, French, Spanish, Italian or Russian. Persons who pass the examination are to be eligible for appointment to the lowest grade in the service.

Persons now in the service are to undergo this examination as well as applicants for appointment. Removals are to be made only on proof of misconduct or inefficiency. No one under 20 years of age or above 45, is to be eligible to appointment. Only the secretary of state, the assistant secretary, the solicitor of the department, ambassadors, envoys extraordinary and ministers plenipotentiary and consular agents are to be exempt from the examination requirements, except private secretaries, messengers and laborers.

WILL TAKE LOWER WAGES.

Mill Workers at Lawrence Forced by Desperation to Accept a Cut.

LAWRENCE, Mass., April 6.—Several strikers of the Washington mills will return to work on Monday next at the reduced wages, after a period of idleness extending over eight weeks. They are forced by destitute circumstances to accept the offer. The leaders of the strike declare that they are able to fight the corporation.

About 500 operatives are employed in the mills at present, which is about one-fourth the number required to run the mills. The officials have refused to make any concessions, and say the strikers must return to work at the reduced wages or not at all.

The entire police force of the city will be present at the mill gates on Monday morning to prevent trouble if the strikers attempt to interfere with those returning to work.

BLAME IT ONTO THE IRISH.

The Pennsylvania Strike Said to Have Been a Plot Against Huns.

CONNELLSVILLE, Pa., April 6.—The leaders of the Slavs and Hungarians in this section are claiming that the strike was the result of a conspiracy of the Irish and German elements of the region to get the Hungarians expelled from the coke region, and they are diligently spreading the news to all their people in the region. The means by which this is to be done is the present strike. The Slavs and Huns were brought to this country under contract twelve years ago to break a strike, and since that time the other nationalities allege the wages of the miners and cokers have steadily declined.

The only means, the others believe, of restoring the former prosperous times is by expelling the Hungarians and Slavs. One of the most marked features of the strike is that all the leaders of the strike and the officers of the organization are Irish, while the Irish employees of the region, numbering about 1,500, refuse to take part in the strike. The Germans also hold aloof.

The Hungarians claim they have been led into this strike, incited riot and ordered to work up a prejudice against them, and cause the people to rise up and either annihilate them or expel them from the region. It is hard to explain the sudden collapse of the strike in any other way than that the Huns have got the impression that they are being imposed upon and having given up the contest. It is remarkable that a movement of such magnitude, up to yesterday morning, should suddenly collapse.

In conversation with J. Delay, president of a large Slavish political club and editor of a Slavish paper, he positively asserts that his countrymen were the victims of a conspiracy and that they were incited at the leaders. He thought it would be well for them to keep out of their reach.

He also expressed the fear that J. D. McAleeb the banker who failed last September, many Hungarians losing the savings at the time, was in danger of assassination as threats had been made upon his life.

TO OPEN A MILLION ACRES.

The Bill in Reference to Ute Indians is a Compromise.

WASHINGTON, April 6.—The bill agreed on by the Indian affairs committee of the house for a settlement of the troublesome question of the disposition of the Southern Ute Indians in Colorado, is in the nature of a compromise. By its terms the Indians will be located on the western end of the present reservation and on a strip of land in New Mexico.

The present reservation is about 110 miles long east and west, the southern boundary line being the boundary line between Colorado and New Mexico, and is fifteen miles in width. The actual amount of land that will be opened up to settlement, providing the Indians agree to the changes proposed, will be somewhat less than a million acres.

One of the Hanlons Died.

PLYMOUTH, N. H., April 6.—Frank Hanlon, one of the noted Hanlon brothers, actors, died here. He was 31 years old and had been sick with consumption for a long time.

A Clergyman's Statement
Constitutional Scrofula Entirely Cured.

"C. I. Hood & Co., Lowell, Mass.: 'Gentlemen: I wish to tell what Hood's Sarsaparilla has done for us. I will say that 2 years ago we had a beautiful boy born to us. When about six months old he took a sore mouth. Everything that was known as usual remedies in such cases was used. I had two doctors but all to no benefit. At the age of 11 months he breathed his last. Thus we laid

I believed the boy's trouble was constitutional, and not common sore mouth. I procured a bottle of Hood's Sarsaparilla and commenced to give it regularly to both mother and baby, and occasionally washed his mouth with a syrup of buck brush root. Improvement began at once. We have succeeded in eradicating the scrofulous blood from the system, and to-day we are blessed with a nice, fat baby boy, eighteen months old. He is the very
